## WORDS OF ENCOURAGEMENT

We are living in unprecedented times, but God wants us to know a few things. One, trouble doesn't last forever; it will pass. Two, our spiritual DNA gives us the ability to stick and stay. Third, though we are afflicted, He promises to bring us out to a rich fulfillment. Hold on to these words. God is truthful to His Word and faithful to perform it.

You have caused men to ride over our heads; We went through fire and through water; But You brought us out to rich fulfillment.
